Mr. Bernard M. Kostelnik, Counsel
Legal Department
The Anaconda Company
25 Broadway
New York, New York 10004

Dear Bernie:

Enclosed find a tabulation of vegetation samples taken in the Columbia Falls area from 1963 to the present. A check (✓) indicates that a sample was obtained, processed and stored for future analysis.

I have also sent Warren Hook a copy and will get together with him at his convenience to plan the future sampling network.

The negative from which these prints were made will be destroyed by us. However, we will retain the original and three copies of the tabulation.

Sincerely,

Walter H. Unger
